

## Section 1.13 Subcontractor Information – DenteMax

(a) Complete name of the Subcontractor or joint venture

DenteMax

(b) Complete address of the Subcontractor or joint venture

DenteMax  
25925 Telegraph Road, Suite 400  
Southfield, Michigan 48033

(c) Type of work the Subcontractor or joint venture will be performing; and

DenteMax supports Premera by providing a dental network to 48 states throughout the nation (Washington and Alaska dental networks are directly contracted by Premera). DenteMax definitely stands above the rest with our custom recruiting capabilities and our ability to provide comprehensive recruitment overviews detailing the dental marketplace and challenges that will impact each geographic area being recruited. DenteMax has the technology to identify challenges and the technology to overcome them; which has lead to the network size doubling over the past four years. DenteMax also provides a flexible and innovative addition to your benefit package with the multiple ways the network can be molded to fit your needs.

(d) Description of the work to be performed by the Subcontractor or joint venture, including all rights and responsibilities regarding performance and payment.

DenteMax supports Premera by providing a dental network to 48 states throughout the nation (Washington and Alaska dental networks are directly contracted by Premera). As the State's main contract will be signed with Premera Blue Cross Blue Shield of Alaska, subcontractor rights and responsibilities regarding performance and payment are the responsibility of Premera.

An Offeror's failure to provide this information may cause the State to consider the proposal non-responsive and reject it.

During the term of the contract:

(1) the State reserves the right to require the replacement of a Subcontractor or joint venture.

Premera acknowledges.

(2) the substitution of one Subcontractor or joint venture for another, whether initiated by the State or the Contractor, is subject to the written approval of the Project Director.

Premera acknowledges.

Any services provided by any subcontractor or joint venture performed in the state require a valid Alaska business license.

Confirmed, DenteMax has a license to do business in the state of Alaska.
